Subject - CONSTRUCTION OF ONE BLOCK OF TWO UNITS OF QUARTERS FOR NURSES IN THE MILK CENTRE IN III-A DIVISION, BANGALORE CITY

I have the honour to state that nurses employed in the Milk Centres run by the Municipality are living in private buildings in distant localities causing inconvenience to their legitimate work in the far off hospitals as found by experience With a view to remove this inconvenience it was considered necessary to provide quarters for the nurses employed in the Milk Centres and the Maternity Homes, so that the services of these nurses may be advantageously utilised for the purpose for which they are entertained

The estimate for Rs 10,000/- prepared by the Municipal Executive Engineer for constructing one block of 2 units in the vacant municipal land to the South of Milk Centre Building in Hemmanagundi Road III A Division, which is considered to be the only convenient locality was sanctioned by the Managing Committee and the Municipal Council at their meetings held on 5-10-48 and 15-11-48 respectively for providing quarters to these nurses in the first instance (vide copies enclosed)

The relative estimate the plan together with the Engineer's report therefor and his report No D 47/48-49 dated 21-9-48 are forwarded herewith for reference The cost of the

t e estimate is proposed to be met out of Rs 20,000/- under "Buildings Original" for the current year

I request you to kindly obtain sanction of Government to the resolution of the Council in the matter very early, so that the work may be taken up and completed this year

Yours faithfully,

[illegible]

Subj— Construction of one block of 2 units of Nurses' Quarters near the Milk Centre in 3rd 'A' Division, Bangalore City

SIR,

I have the honour to submit herewith an estimate amounting to Rs 10,000/ for the above work for favour of information and necessary further action

The report accompanying the estimate explains in details the necessity and the nature of provisions made therein

The cost of the work is debitable to the lump sum grant of 20,000/- provided in the current year's budget under Buildings Original for Miscellaneous works

The necessity for providing quarters for the nurses working in the Municipality is very much felt, since they are now living in private buildings in distant localities, causing hindrence to their legitimate work in the far off hospitals At present a block of two units is proposed to be constructed in the vacant land (Municipal) to the south of Milk Centre Building in Hemmargundi Road which is considered to be the only convenient locality in 3rd 'A' Division

This may kindl be placed before the Managing Committee and the Council for their approval

Approval of Government may thereon be obtained and communicated earl.
